Terraform : IAC & IAC Benefits

Terraform: IAC & IAC Benefits

- IAC : Infrastructure as Code
- **No Manual Deployment** : Write what you want to Deploy (VMs, Disks, Apps, etc) as Human readable code.
- **DevOps Enablement** : Deployment codification means, it can be versioned via VCS.
- Declare your infrastructure.

Terraform: IAC & IAC Benefits

- **Speed, Cost & Risk** : Less human intervention during Deployment means fewer chances of error, miss configuration, redeployment and more time is saved.
